McKeldin, told 215 members of the Emmitsburg Chamber of Commerce, their wives, friends and guests Thursday night at the chamber's second annual Founders' Day banquet in the Elias Lutheran parish house in Emmitsburg.

Brought Religious Freedom

"This colony was founded by our fathers who brought religious freedom to our shores. We are a small state, but a great state, and we're proud of it. Keep alive the fires of freedom. Those fires have not been burning as brightly in recent times. Remember that we have a blessed heritage. We in this generation must serve so that our children and those who follow us can be as proud of us as we are of our forefathers."

SAYS TOMATO PLANTS GAINING

"Tomato plantings have been surprisingly good considering wet and uncertain weather," Don Horst, crop supervisor for the C. H. Musselman Company, Biglerville, said today.

"Even though there has been much rain and cool weather, careful preparation and co-operation from local growers has enabled 50 to 60 per cent of total plantings to be made to date. But those plantings from now to June 1, or even later, will do as well as those planted earlier," said Mr. Horst, "since the cold and wet ground have retarded growth. For example, each year the dates of major plantings vary, but the peak of our deliveries occurs just around Labor Day and we also receive tomatoes well into October."

"Some of the Southern plants distributed to growers received a temporary setback when placed in our cold and damp earth. They were grown in ideal warm weather in the south and the change of environment and climate is much more severe than usual. As a result, some show hollow stems but these will be overcome by later normal growth."

Here And There News Collected At Random

Summer camping plans for children should not be altered because of fear of polio outbreaks this year, parents were advised by the National Foundation for Infantile Paralysis.

The chances of a child in camp contracting infantile paralysis seems to be no greater than those of a child at home, said Dr. Hart E. Van Riper, medical director for the paralysis foundation.

Studies in polio epidemic areas beginning in 1949, the year which saw the greatest number of reported cases in U. S. history, confirm the opinion that communities, schools and camps should not disturb nor unnecessarily change the normal pattern of their activity, he said.

The Olympia, Wash., Olympian recently said editorially, "The American people can stop inflation in 30 days—simply by insisting that government spending be held down to the amount which can be supplied by American productivity without wage or price increases."

Charge Atomic Bomb Scientist Lied About "Red" Membership

WASHINGTON (AP)—Joseph W. Weinberg, a scientist who helped develop the atomic bomb, was indicted today on charges he lied when he denied under oath to a congressional committee that he had been a member of the Communist Party.

Weinberg is the man who was long described only as "Scientist X" by the House un-American Activities Committee during an investigation of atomic spying.

Today's perjury indictment, returned by a federal grand jury here, is based on testimony Weinberg gave to the House committee.

Weinberg figured prominently in the committee's investigation of spying at the wartime University of California radiation laboratory at Berkeley.

In the early stages of its investigation, the committee referred to Weinberg merely as "Scientist X," but later identified him and called him as a witness.

Three Counts Charged

The perjury indictment contains three counts. Conviction would make him liable to 10 years imprisonment on each count.

63 CONFIRMED ON THURSDAY BY BISHOP LEECH

"We can, and unfortunately often do, resist the Grace of God," the Most Rev. George L. Leech, Bishop of Harrisburg declared Thursday evening in a talk given at St. Francis Xavier Catholic Church after administering the sacrament of Confirmation for a class of 63 children.

"But 'going through life with God is the only real adventure, the only real happiness," he told the class. "We should thrill to the adventure of living with Christ and for Christ."

The Bishop said, early in his talk, "I want to compliment you members of St. Francis Xavier parish for the steps you have taken for the renovation of your church and school. I'm thoroughly delighted to learn how quickly you have subscribed more than was asked for the building fund."

"Church Is For Nation"

"Gettysburg is not only for Gettysburg, nor for the diocese alone, it is for the nation, and thousands of your fellow Catholics who come here yearly visit your church. And that enters into your plans for renovation. But principally and above all, you are renovating your church and school for God Himself, for your church has its importance only as a house of God."

Rev. Fr. Anthony McGinley, McSherrystown, who delivered the sermon at the confirmation service, told the class: "You have by confirmation become soldiers of Christ. When the Bishop placed his hand on your shoulder in a ceremony as old as the apostles, to bring down upon you the Holy Ghost, you received many gifts of the Holy Ghost. As a soldier in the army wears his uniform proudly, you are a soldier of Christ should wear your Christian faith proudly. Among the gifts of the Holy Ghost is the gift of fortitude, and it is one you need. Daily the gift of fortitude is needed, but it may be needed even as the early Christians needed the gift of fortitude. Even today in many parts of the world, in an ever-expanding area, our brethren are dying for their faith and suffering persecution that is reminiscent of the persecution of the early days of the church."

The service opened with a procession of altar boys, the confirmation class, priest and Bishop into the church.

Allies Smash Huge Industrial Complex As They End Greatest Saturation Bombing In Korea

MUNSAN, Korea (AP)—Red delegates today agreed to a three day recess in the tightly deadlocked Korea armistice talks after the Allies' new chief delegate told them "our stand is unshakable—we will make no further concessions."

North Korean Gen. Nam Il, who has been demanding daily meetings at Panmunjom, agreed to the recess. But he demanded that Maj. Gen. William K. Harrison Jr., new senior U. N. delegate, set the time of resuming the talks.

Harrison told newsmen he made the recess short "because we want to get an armistice."

The next plenary session—the 67th since negotiations began more than 10 months ago—will be held Tuesday at 11 a.m. (9 P.M. Monday EST).

An hour after the meeting adjourned, Vice Adm. C. Turner Joy, former chief Allied delegate, left the United Nations Command advance camp to become superintendent of the U. S. Naval Academy.

An armistice is blocked by the refusal of the U. N. Command to force return of any captured Reds who say they will resist repatriation to Communist rule. The Reds demand their return.

Harrison again offered to let the Communists participate in a re-screening of the prisoners. The Reds refuse.

ELECT BRANDON SR. EXTENSION CLUB PRESIDENT

The attacking planes were screened by F-86 Sabrejets. "It's a little hell up there all right," said Capt. Lynwood Clark, 23, of Delhi, N. Y. He flew both days.

"We went in and got their flak yesterday morning," he related. "Then we came down on the buildings. It was really a fat target compared to some of the rail missions we've been getting lately. They had no warning and they must have been caught by surprise."

After the Reds' ground guns were silenced, fighter-bombers dropped 500 and 1,000 pound bombs rocketed the area and splashed it with napalm.

"Almost every plane over the target emptied its machineguns in the blazing wreckage," Clark said.

On the ground the Reds threw a saturation artillery barrage at a small United Nations sector on the Western Front Thursday night.

Bullet-Bison Game Saturday May Be Last For Nixon Field

What may prove to be the last intercollegiate baseball game to be played on Nixon Field at Gettysburg College will be staged Saturday afternoon at 2:30 o'clock when the Bullets wind up their season in meeting the strong Bucknell University aggregation.

Rumors are current to the effect that the board of trustees will be asked next week to approve a new field to be known as the "Ira Plank Memorial Field." It has been learned that the site of the field, if approved, will be northwest of W. Broadway, extended.

It is also reported that the present field, if abandoned, may become the site of a new college building.

Saturday's contest will mark the 11th game of the season for the Bullets who have had three games cancelled by inclement weather.

Coach "Hen" Bream's charges now sport a 6-4 record and have won their last three straight.

Four seniors will be in uniform for the last time on Saturday. George Hare, pitcher-outfielder, has been nominated by Coach Bream to toe the slab against the Bisons. The other seniors include Leroy Bixby, outfielder-first baseman; Ken Owings, first baseman; and Fred Schmitt, reserve infielder.

Bucknell has a hard-hitting outfit that is expected to provide plenty of opposition. Webber, shortstop, is said to be sought by several major league scouts.

SHUTOUTS ARE ORDER OF DAY IN BOTH LOOPS

By RALPH RODEN

(AP Sports Writer)

Remember Willie Keeler who used to "hit 'em where they ain't?"

It seems that modern day hitters are hitting 'em where they are.

Except for brief flurries of power the pitches are pretty much in command these days.

The American League, renowned as a power circuit, is showing the rival National loop a thing or two about pitching. Junior circuit pitchers have turned in 25 shutouts, a no-hitter, and three one-hitters.

National League pitchers have come up with 19 shutouts but nary a no-hitter or one-hit performance.

Pitchers sparked both on the mound and at bat in both leagues yesterday.

Curt Simmons, showing no signs of rust following his tour of Army duty, turned in the gem of the day, pitching the Philadelphia Phillies to a 6-0 three-hit triumph over the Pittsburgh Pirates.

Zeroes were the order of the day at Boston where the Chicago Cubs and Braves traded shutouts. Bob Rush blanked the Braves, 3-0, in the opener and Warren Spahn turned the tables in the nightcap, hanging up a 5-0 victory.

Red Sox, Senators Win
Lefty Monte Kennedy put in a strong bid for regular employment by pitching the New York Giants to a 6-0 four-hit victory over the St. Louis Cardinals and Gerry Staley.

At Brooklyn the Dodgers came from behind to beat Cincinnati, 8-7. Mickey McDermott pitched and helped beat the Boston Red Sox to a 3-2 decision over the Cleveland Indians. McDermott singled in the ninth and slid home with the winning run.

The Senators whipped the Browns, 4-2, in a night game at St. Louis. Rain washed out the game between the New York Yankees and Chicago White Sox. Philadelphia and Detroit were idle.

COLUMBUS, O.—A new set of trotting and pacing stakes for fillies will pay some \$200,000 in purses this year, the U. S. Trotting Association said today. The events for two and three-year-olds, have attracted 246 nominees.

FORT WORTH, Tex.—A couple of Texans, Joe Conrad of San Antonio, the golfing collegian, and Raymond Gafford of Dallas, a veteran professional, led the \$20,000 Colonial National Invitation Tournament into its second round today.

The red-haired product of North Texas State and Gafford, lean pro of Northwest Club where the National Open will be held next month, shot two-under-par 68s yesterday to top the field of 42 players by a stroke.

NEW YORK—Johnny Bratton and Del Flanagan have been staging a battle of words all week. If they put as much fire in their punches tonight there may be some unexpected fireworks at Madison Square Garden.

The two welterweights clash in at 9 p.m. (EST) ten rounder which will be broadcast (ABC) and telecast (NBC) from coast to coast.

Interstate

By The Associated Press

Those unearned runs can break a pitcher's back and at least four Interstate League hurlers will vouch for that.

All four games last night were determined by runs which the official scorer marked unearned.

Best example was Allentown's 6-4 victory over Sunbury. The Cardinals scored their six runs in the second inning off starter Art White with the help of three Sunbury errors.

Charley Miller of first-place Hagerstown would have had a 1-0 shutout over Salisbury had it not been for a fielding mistake. As it was, Salisbury won, 2-1, in 11 innings to give the Braves their fifth defeat of the season in 20 games.

Last place Harrisburg pushed across the winning runs on a catcher's wild throw and a fielding error to beat Lancaster, 4-2. Miscues in the field also accounted for the winning runs in Wilkes-Barre's 7-5 triumph over York.

Tonight's Game
Gettysburg at Littletown, 6:15.

Bill Fuhrman turned in a perfect no-hit, no-run game Thursday evening as Littletown defeated Arendtsville 2-0 on the latter's field in a Twilight League game.

Fuhrman faced only 21 batsmen and retired every man, yielding no passes and receiving flawless support from his team-mates. Only three of his pitches were hit to outfielders. He fanned three.

The victory was the third of the season for the 30-year-old Littletown star, one in the Penn-Mar circuit and two in the Twilight loop. He has yielded but three runs in the games and only one of those was earned.

Littletown scored in the second on doubles by Clyde Crouse and Pitcher Fuhrman. The second run came in the third. Gemmill, who was safe on an error, was sacrificed by Strine and tallied on a single by Clyde Crouse.

Ortanna moved into second place by upsetting Fairfield 6-1 at Fairfield.

The winner scored a run in the first on singles by H. Deardorff, R. Spence and K. Deardorff. Another in the second came via a double by Bill Bucher, a fielder's choice and wild pitch. Two more were scored in the third in a single by B. Singley, double by K. Deardorff, a long fly and a squeeze bunt by C. Rebert. A double by Scott, an error and an infield out produced another tally in the fourth and the final run resulted in the sixth on Scott's life via an error and a triple by Don Bucher.

Fairfield's only tally was in the fourth as a result of a walk to Sanders, a stolen base, fielder's choice and a wild pitch.

Four-Event Mat Card At Hershey
HERSHEY, May 23—Tiger Joe Marsh, of Chicago, and Roland Meeker, a "crowd-pleaser" from Shreveport, La., will make their first appearance on a Hershey wrestling card when Promoter Bert Bertolini presents his second show of the 1952 season at the Sports Arena, Tuesday night, May 27.

Marsh, a six-foot-one 225-pound matman, will meet Ilio DiPaolo, sensational youngster, while Meeker's opponent will be the veteran Kola Kwariani, bald-headed Russian, who at one time, held the European wrestling title.

These two matches, both of which are half-hour time limit affairs, round out Bertolini's star-studded four-event program. Main events, over the one-fall-to-a-finish route, will be Antonino Rocca and Leslie Lord Carlton. The Stanlee brothers, Gene (Mr. America) and Steve, will meet Tony Martinielli and Johnny Barend in the best-of-three-falls Australian tag team match which has semi-feature billing.

GAME AT BENDERSVILLE
Hanover and Bendersville will play off a postponed game in the South Penn Baseball League at Bendersville Saturday afternoon at 3:30 o'clock it was announced today.

REJECT WAGE OFFER
PITTSBURGH (P)—Striking bakery workers booted and shouted as they rejected a wage offer by 18 major bakeries in an effort to settle a three-week old walkout in the Pittsburgh district.

The management proposal called for a five cent hourly raise for day workers and 7½ cents an hour for night workers. Employees voted on the offer yesterday.

Fiscel Pitches No-Hitter As Warriors Blank Delone

A superb no-hit, no-run pitching performance by Marlin "Skip" Fiscel, a junior, featured Gettysburg High School's 10-0 victory over the Delone Catholic High baseball team here Thursday afternoon.

Only one Squire batsman stood between the Warrior hurler and a complete perfect game. Hagerman, lead-off man for Delone in the sixth, walked and was the only visitor to reach first base. He was quickly retired when he was thrown out. Clyde Cleveland to George Penn, as he attempted to steal second base.

So effective was Fiscel that only two balls went beyond the infield. Greenholt skying to Bobby Rohrbach in center in the fifth inning and Tom Smith lofting to Wayne Spence in right in the seventh.

Fiscel fanned nine batsmen, completing his no-hitter by fanning J. Smith and Bevenour in the last inning to finish the contest.

Pound Over 8 Runs
Eight runs in the fifth inning broke up an otherwise nice pitching duel between Fiscel and Bevenour. In that inning singles by Hixon, Penn, Cleveland, two by Bream, a double by Rohrbach, two hit batsmen and a trio of Delone errors produced the tallies.

The Warriors had previously tabbed a run in the second on a single by Cleveland, his steal, and a single by Bender.

Another tally came in the fourth on Penn's single, a pair of infield outs, and a one-baser by Hankey.

Test Game Today
The triumph marked the third win against five defeats for Coach Howard Shoemaker's outfit.

Today the locals were scheduled to finish their season by meeting Chambersburg on the latter's field in a South Penn League game.

HOUSE SHELVES BASEBALL BILLS
WASHINGTON (P)—Organized baseball got the word today that it will have to worry about anti-trust laws without help from Congress.

A House judiciary subcommittee shelved three bills which would have exempted the professional game from monopoly curbs.

The group, after taking a closeup look at baseball's front office operations, decided to keep hands off. However, it had considered:

1. Outlawing the keystone of baseball law—the reserve clause.
2. Exempting the reserve clause from anti-trust legislation.
3. Providing for only a provisional exemption for it; and
4. Setting up a federal bureau to draft a code of regulations and then police the game.

But it decided against any action although the game has "occupied a monopoly position" for years and "free competition" as carried on in other ventures does not exist.

The committee's report said it is convinced the sport, to get along profitably, has to have some form of the reserve clause.

Eastern League
By The Associated Press
The Eastern League pennant race took a new twist today as the downtrodden Williamsport tigers celebrated their first double victory of the season.

The Tigers, who won only three of their first 20 games, turned on the Binghamton Triplets last night twice, 4-1 and 10-9.

The cellar-dwellers' uprising took the spotlight momentarily off Albany, where the league-leading Senators blanked the third-place Reading Indians, 4-0.

Elsewhere, the Scranton Miners shaded the Hartford Chiefs, 4-3, and the Schenectady Blue Jays and Elmira Pioneers divided a twin bill. The Jays won the opener, 4-0, and lost the second, 9-3.

Today's Talk

By GEORGE MATTHEW ADAMS

NO SUBSTITUTE FOR WORK

There is nothing so dignified and inspiring as a human being at work. Work has no adequate substitute. Therefore it should bring to us our greatest happiness, conscious of the fact that work enriches our own life and benefits the lives of others as well.

Everything at which we work has a lesser or greater effect upon others. Our tragic strikes demonstrate this. Idle people are not happy. They only pretend to be. We all need the stimulant of work to give us health and hope. I recall reading of Alphonse Legros, for whom I had the greatest admiration, both for him as an artist and man. I was impressed with what a commentator had to say about him soon after his death. He said: "As a boy he worked. As a youth he worked. As a middle-aged man he worked—

and as an old man he worked!" Idlers in nature are the exception. Everywhere there is busy-ness. Both birds and beasts work to do. Only through work of brain and brawn does a human being grow and enlarge his vision and opportunity. We should take time out, however, for change and recreation, for constant work, without relief, dulls and often deadens the desire for high achievement.

It is a wonderful sight to see workers stream out of a great factory at the end of the day. You think of the homes to which they go, the loved ones they meet, the joy experienced at having contributed to the happiness of others and to their own self respect. Nothing is so sad as to see a person who wants work, and is willing to work, not given the chance to work.

There isn't a single one of us who does not greatly benefit from the work of others. Rarely do we ever give a thought to the many—near and far—who have contributed something to our personal comfort and well-being. Every minute, day and night, someone is at work. Work brings many a blessing. It is a healer, as well, of sorrow, and sustains us against bitterness and temporary defeat. There is no substitute for work. Even the peace it so often brings has to be earned!

Tomorrow Mr. Adams will talk on the subject: "Improvements." Protected, 1952, by The George Matthew Adams Service

Just Folks

FOOLISH AND WISE
The wise man saw him pull away
And jeering comments made,
They said: "He'll catch no fish today,
At home he should have stayed."

"He doesn't know the signs are wrong.
The east wind isn't right,
And though he fishes all day long
He'll never get a bite."

But fishing for the day he went,
Not knowing what they knew
And to their great astonishment
He landed quite a few.

Luck cannot help the man too wise
To get out where it might,
But every fisherman who tries
May sometimes get a bite.

250 Children in Catholic May Service: The annual May celebration in which over 250 children took part was held Sunday evening at 7 o'clock in St. Francis Xavier church.

The procession was led by 36 children who wore the same apparel as they did when they received their first Holy Communion on April 25.

Mary Catherine Vaughn attended by Helen Eberhart and Angela Small entered the sanctuary and placed a crown of lilies of the valley on the statue of Our Blessed Lady which stood in the midst of attractively arranged flowers and glowing tapers.

After the crowning, a sermon appropriate for the occasion, was preached by the Rev. Mark E. Stock.

MORE HOT WORDS
TODAY IN PROBE
OF WSB, STEEL

WASHINGTON (P)—More of what Chairman Barden (D—NC) described as "right strong language" was heard today between the House Labor Committee and union members of the Wage Stabilization Board (WSB).

Sharply worded differences were voiced at a hearing yesterday over allegations of Communist-front associations by three CIO board representatives.

The House group is inquiring into the board's activities, particularly in the steel wage case. Committee members have charged the board was stacked in organized labor's favor.

Board member Joseph W. Childs, vice president of the CIO Rubber Workers Union, accused Rep. Vail (R—Ill.), a committee member, of "Red baiting" and making "dirty insinuations" against himself and two CIO colleagues.

Not A Communist

The committee today recalled Childs and agreed to allow John Brophy and Benjamin Sigal, two other CIO members of the WSB, to reply to what Childs denounced as Vail's "thinly veiled references" connecting them with Communist-front groups.

Childs' attack on Vail, made in a prepared statement, was what Chairman Barden referred to as strong language.

Touching off Childs' statement were references to House Un-American Activities Committee reports read into the record by Vail.

Vail mentioned no names, but suggested that they might refer to Communist-front associations of some public as well as labor members of the board.

Childs said he had never been a Communist nor sympathetic with them, "and never expect to be."

FOUND GUILTY IN
TAVERN MURDER

POTTSVILLE, Pa. (P)—A jury of eight women and four men deliberated three hours and ten minutes yesterday before returning a verdict of guilty with a life sentence recommendation in the murder trial of 24-year-old Joseph John Hrin of Pottsville.

Hrin pleaded innocent to the beer mallet slaying of a North Dakota soldier in a Pottsville tavern last New Year's Eve. Defense Attorney Richard Holahan said he will file an appeal for a new trial.

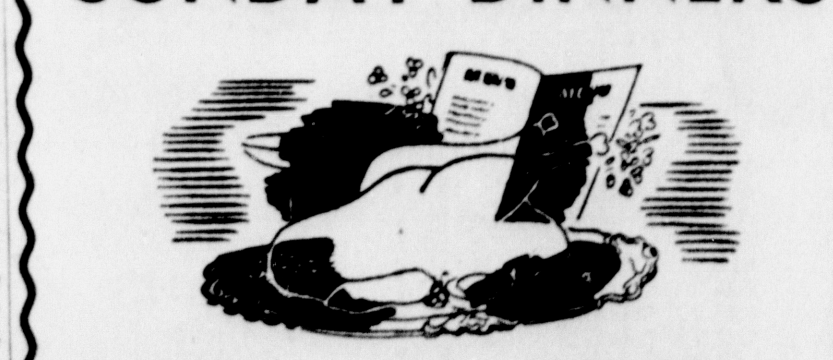

Judge James J. Curran probably will not pronounce sentence until the appeal is heard. Action is not expected until October.

Hrin was found guilty of killing

Pvt. Elmer G. Harrington, of Brantford, N. D.

He told the court he "blacked out" the night of the slaying and could not remember a thing. Louis D. Buono, chief of Schuylkill County detectives, testified Hrin had confessed killing Harrington.

Other witnesses placed Hrin in the tavern the night of the crime but there were no actual witnesses to the slaying.

CLARK ISSUES
KOJE ISLAND
CAP ORDERS

By ROBERT EUNSON

TOKYO (P)—Gen. Mark Clark said today he had given orders to the U. S. Eighth Army "to obtain uncontested control" of the United Nations prisoner of war camps at Pusan and Kojima Island.

"The hard core of the rebellious leaders at Pusan already have been isolated from the other prisoners," the United Nations commander said in his first interview since taking over from Gen. Matthew B. Ridgway.

When Clark assumed command May 12 he learned the Communist prisoners in the compounds were running the camps almost to suit themselves. Several riots had to be put down by force.

Ready For Action

"The prisoners' flagrant disregard of our instructions will not be tolerated any longer," Clark said.

"It was an intolerable situation. The prisoners of war have certain obligations and we expect them to comply. It was in furtherance of this policy that I ordered the 18th Airborne Regiment to Kojima Island."

The famed paratrooper unit went to Kojima last week after Red POWs had held Brig. Gen. Francis T. Dodd, former camp commander, a hostage 78 hours. His successor, Brig. Gen. Charles Colson, won his release by promising concessions.

First Dodd, then Colson was relieved as Kojima commandant. Clark repudiated Colson's promises.

Clark expressed hope the POWs would "comply with our instructions so that force won't be necessary."

But if they do not, he added, Gen. James A. Van Fleet, Eighth Army commander, has ordered guards to use concussion grenades, tear gas and riot squad tactics.

MORE CHURCHES
NEEDED IN U. S.

NEW YORK (P)—No matter how much or how little they want to go to church, more Americans have no church to go to than at any time in our history.

This picture of the situation has been put before the 14th annual General Assembly of the Presbyterian Church in the U. S. A.

Dr. Robert Worth Frank, president of the McCormick Theological Seminary of Chicago, said that in regard to buildings, the church faces "crises in multiple regions throughout the nation."

"More people are living in communities not adequately churched than at any time in our history, not excepting the frontier days at their wildest and wooliest," he said.

Speaking last night to more than 2,000 Presbyterian leaders, here for the meeting of the church's top governing body, Frank appealed for support of the denomination's 12 million dollar building fund drive.

rible war between sections of this great country raged in this area and that two of the bloodiest battlefields of the conflict—Antietam and Gettysburg—are nearby.

"Emmitsburg, one of Maryland's most beautiful towns—a seat of culture, religion and education—is a symbol of peace and love for mankind. Antietam and Gettysburg are quiet now, each with its burying grounds for those who died on the fields of honor—each with its shrines to causes in which men believed.

"Yes, it is quiet here tonight—and all around here—and yet how close we are in this modern world to those other battlefields of Korea! How close we are to the armed camps on either side of tremulous borders in Europe and various areas of Asia!

"I doubt that there is a man or woman in the whole world who wants the all-out Third World War for which we long have been preparing and which the whole world fears.

Danger Of War

"But the danger of such an outbreak exists in every moment of these times. It exists because of the selfishness and false pride of men. It exists because boastful, breast-thumping tyrants have failed in their promises to their own peoples and to those who succumbed to their lies or yielded to their threats. It exists because the sabers of war are rattled to divert from their miseries the slaves of totalitarianism.

"It exists too, at least to some extent, I fear, because of the vacillations, the miscalculations, and the signs of senility in the diplomacy of the peoples of still free nations—including our own.

"No one wants that war, but a false move between the East and the West in Berlin could set it off, just as could a stray shot almost anywhere in the world.

"We in America must be calm—

NAME THREE IN
SPUD "BLACK
MART" PROBE

PHILADELPHIA (P)—Three Philadelphia area wholesalers were named defendants in injunctive actions filed yesterday by the Justice Department in a crackdown on the potato "black market."

Named in the suits were Sol and William Tredwell, of Philadelphia, and Jefferson W. Edwards, of near-by Palmyra, N. J.

Also mentioned were their firms: The Smiling Jim Potato Co. and the Victory Potato Co., of which the Tredwells were named as owners, and C. Jessup and Sons, Edwards' concern.

Ask Suspension Order

Special Asst. U. S. Atty. Erwin Lodge said the Smiling Jim firm is one of the largest wholesalers in the area and conducts a two million dollar annual business in produce. Lodge charged the Smiling Jim Co. had overcharged retailers between 98 cents and \$3.24 on 55-pound potato packagings.

The court was asked to suspend business operations of all three companies until the defendants comply with Office of Price Stabilization (OPS) regulations.

A hearing for the Jessup concern was set for May 27 before Judge George A. Welsh. Judge J. Cullen Ganev will hear the Smiling Jim case the next day.

but in our calmness we must be firm. We must let the peoples of the free world who want to resist the movement of communism know that we are with them. We must keep our forces strong where danger threatens, preferably as a deterrent to communism's ambitions, but, if necessary, for actual defense at arms, for each advance of communism is a threat to us.

"Must Oppose Traitors"

"We must oppose in voice and in action the activities of Communist traitors within our own borders.

"We must oppose socialistic trends within our government. We cannot tolerate infringements on man's dignity by a ruling class in the National Capital anymore than we could at the State Capital. We cannot, in this democracy in a republic, accept as normal the abuse of the people's trust by their public servants, or the misuse of the public funds.

"We cannot view without alarm the seizure of private property by the government under the guise of acting in the public welfare.

"We must keep our nation solvent, because that is our greatest defense, but at the same time we must, through our aid, encourage the recovery of those nations, financially and otherwise, which have suffered the greatest losses in war. The two are not inconsistent.

"We can balance our budget and help our neighbors by eliminating waste in our domestic spending, and by closer supervision and wiser direction in our spending abroad.

"We must train our youth in the ways of freedom—in the love for the liberties which God meant that men and women should have—even as they are trained in the two great educational institutions of this community—Mount St. Mary's and St. Joseph Colleges—and I am happy to say, in the other fine colleges of Maryland.

Plan Recreation Area

"We must continue our progress in the interest of our people, when and where that is the wish of the people.

"In this area, the federal government recently has offered to return to the state 5,000 acres of that beautiful forest and mountain land of the Catoclin. We are negotiating to obtain from the federal government all of the 10,000 acres which it holds. There are great possibilities there for the gradual development

of a recreation area for the people of Western Maryland and their guests.

"You are within a few miles of Gambrille State Park—the most popular park in the state. There are negotiations now for the opening of a new entrance to that park which would be only about a quarter of a mile from Route 40.

"In this general area, too, are the Washington Monument State Park and the Gathland State Park on South Mountain, which are subject to further development in the future.

Gives Etching To Burgess

At the close of his address Governor McKeldin presented a large etching of the State House in Annapolis to Burgess Thornton Rodgers. The State House, he said, is the oldest in the United States still in use. Its cornerstone was laid by Sir Robert Eden, the last colonial governor of Maryland. In a room in this building, the governor said, the treaty between Great Britain and the Colonies was signed.

During the program a check for \$230, net proceeds of a recent minstrel show, was presented to Edgar Emrich, chairman of the Emmitsburg Memorial Hall Committee, by Mrs. Robert E. Daugherty. Several number were presented by a male quartet from Mount St. Mary's College and vocal selections were given by William Simpson, Emmitsburg, now a teacher in the Westminster schools who was recently selected by the Rotary Club for a year's study at Edinburgh University.

Introduces Guests

Among the guests introduced during the banquet were N. A. Meligakes, president of the Gettysburg Chamber of Commerce;

Paul L. Roy, editor of The Gettysburg Times; Carleton H. Poole, a member of The Times staff; representatives of the Chambers of Commerce of Taneytown, Frederick and Thurmont; Emmitsburg borough council members, school officials; Mr. Emrich, head of the Grange; Arvin Jones, high school principal; the Rev. Adam Grim, Methodist pastor; the Rev. Edmund P. Welker, Reformed pastor; the Rev. Philip Bower, Lutheran pastor, and others.

The benediction was given by Rev. Mr. Bowers.

TO STUDY TRUCK WEIGHT LIMITS

HARRISBURG (AP) — The Joint State Government Commission will make a study of controversial truck weight limits in Pennsylvania.

Rep. Baker Royer (R-Lancaster) chairman of the Assembly's research agency, said the study would be made under assurance from Gov. John S. Fine that all state facilities would be made available.

The governor asked the commission to inquire into two phases of the question — the maximum weight highways and bridges may stand without accelerated deterioration and whether the trucking industry is contributing its "fair share" to the cost of maintaining roads.

The 1951 legislature passed a bill increasing the weight load of commonly used trucks from 45,000 to 60,000 pounds. The governor vetoed the bill.

IRATE SENATORS WANT FACTS ON PRISON RUCKUS

WASHINGTON (AP)—Irate senators demanded more facts from the Pentagon and Korean commanders today about the handling of the Kojima Island prisoner of war camp.

Sen. Bridges (R-NH) told a reporter that closed-door testimony Wednesday by Gen. Matthew B. Ridgway, recent Far Eastern commander, left many questions unanswered.

Both Bridges and Chairman Russell (D-Ga.) of the Senate Armed Services Committee quoted Ridgway as saying his orders had not been carried out in obtaining the release of Brig. Gen. Francis T. Dodd after Dodd's seizure by Communist prisoners on the Korean Island.

Mystery Angle
Sen. Margaret Chase Smith (R-Me) tossed a mystery angle into the affair late Wednesday by telling the Senate that a woman relative of Gen. Dodd contended "Dodd received orders from superiors in the Army to 'coddle and appease'."

the Communist prisoners on Kojima Island."

Bridges has been demanding a full dress Senate inquiry and Johnson heads the Defense Investigating Subcommittee of the Armed Services Committee.

After Dodd's capture by the Communist prisoners, Brig. Gen. Charles Colson, named to succeed Dodd as commander of the prisoner compounds, made an agreement with the Red POW's for Dodd's release. This has drawn a repudiation from Army commanders and censure from Congress.

BUSY PENTAGON IS EMPTY-LIKE TOMB WEEKENDS

WASHINGTON (AP)—King Tut's tomb isn't much emptier than the Pentagon on Sunday.

It is a day of rest for most of the 32,000 men and women who work in the world's largest office building—the "brain" of America's armed forces.

At 4:30 on a Sunday afternoon, you may see four persons sitting on benches beside the three tunnels where vehicles enter the Pentagon. They're waiting for buses, and none are in sight.

Weekday Rush
At the same hour on a weekday, hundreds form double lines to fill a dozen buses. Hundreds more pour down the ramps to wait for the next row of buses.

Sunday may find 200 automobiles huddled in corners of the three big parking lot. On weekdays, their pavement is hidden by 8,200 cars.

A Sunday sunset may light the path of two dozen young women in Air Force blue and half a dozen men in uniform, hiking toward the five-sided building. They'd be lost among the cars departing, bumper to bumper, on other afternoons.

Employment High
Some Pentagon offices are manned around the clock, but workers who draw Sunday duty hear little but the echo of their own footsteps in the long corridors.

The 32,000 persons who work there now are an all-time record. About 70 per cent are civilians. Nearly all are on an eight-hour daytime shift. The shifts end variously at 4:30, 5 and 5:15 p.m., to cut down traffic jams.

Peak daytime employment during World War II was 26,500, but then the Pentagon contained only Army offices. Now it is headquarters for the Defense Department, Navy and Air Force as well as the Army.

In an average package there are approximately 93 yards of spaghetti.

Dale Furst Jr., a Williamsport attorney, was named president of the new group. Other officers are: Harry Boyer, Reading; James L. McDevitt, Harrisburg; Harold LeDuc, Philadelphia; Robert C. COOKED A FINE DINNER; THEN THREW IT TO DOG

One Gettysburg lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at food. She was swollen with gas, full of blood, had headaches, felt worn out and was terribly nervous. Finally she got SYS-TONE and says she now eats everything in sight and digests it perfectly. Nerves are strong and normal. She is enjoying life once more and feels like "another woman."

SYS-TONE contains Ten Herbs with Nature's own Minerals and Vitamins—all blended together into one Great NEW Formula. It clears gas from stomach and bowels, relieves painful bloats, nervousness and worn out feeling; enriches your blood. Contains 15 ingredients in all, so it acts like several medicines in one! IMMIGRATION BILL OKAYED BY SENATORS

WASHINGTON (AP)—The Senate, with few members present, last night voted approval of new immigration legislation.

Sen. McCarran (D-Nev.) sponsor of the bill, told the Senate its 302 pages revising, unifying and adding to present immigration law were necessary to protect the American way of life.

Opponents of the measure, during a week of often bitter debate, called it harsh, unduly restrictive and similar to Nazi racial ideology.

Goes To Conference
The bill now goes to conference with the House, which passed a similar measure last month, 206 to 68. The Senate passed it on a voice vote.

Sen. Lehman (D-Lib. N. Y.) and Sen. Humphrey (D-Minn.), who led the opposition, said they hope President Truman will veto the bill if it reaches him. Just before giving up his fight Humphrey told the Senate the opposition will have enough votes to sustain a veto.

If a conference committee agrees upon a single bill to be presented to both houses, the revised measure must be approved in both House and Senate before going to the President. The bill would:

1. Retain the present immigrant quota system, based on U. S. population makeup in 1920.
2. Increase slightly the number of immigrants eligible for admission each year.
3. Cause revision of naturalization laws.
4. Give immigrants with needed skills preferential treatment.
5. Lift bars against Asians but limit the number who may enter.

Eighteen Models of Other Makes of Cars Cost More!

Official price lists show that there are eighteen different models of American motor cars, produced by five separate automotive manufacturers, which actually cost more than the lowest-priced Cadillac—when similarly equipped.

If you find this difficult to believe—then you're in good company!

For the record also shows that, during the past few years, literally hundreds of thousands of motorists have taken title to these costlier models. And there can be little doubt that many of them did so simply because they failed to realize how relatively modest the cost of a Cadillac can be.

They simply assumed that *exclusive in quality means exclusive in price!* And it is doubtful if a single misunderstanding ever cost so many motorists so much!

It cost them, first of all, the satisfaction of owning a Cadillac! For there is no substitute for the sense of

pride and well-being that comes from owning a motor car that is universally recognized as the "Standard of the World."

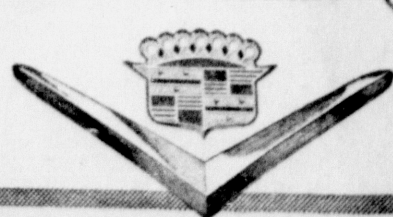

It cost them, too, the pleasure of *driving* a Cadillac! And this, beyond any question, is the greatest penalty of all! For in missing out on the many thrills to be found behind its wheel—they're missing out on motoring's finest rewards.

And, of course, it also cost them Cadillac's many *long-range economies*—its almost unbelievable gasoline mileage, its unsurpassed dependability, and its legendary long life.

We know that you wouldn't want to make such a costly mistake in the selection of your next car. But you'd better be careful—because there are *eighteen different ways to make it!*

So when the time comes—investigate! And if you pay the price of a Cadillac—be sure that you get one!

RIDGWAY WARNS CONGRESS ON RED "CHARGES"

By FRANK O'BRIEN
WASHINGTON (AP) — Gen. Matthew B. Ridgway told Congress Thursday Communist germ and gas warfare charges against the United States in Korea are "a monumental warning . . . as menacing and urgent as a forest fire bearing down on a wooden village."

Ridgway branded the charges "false in their entirety."

The former commander of United Nations Far Eastern forces was not more explicit in his warning. But he appeared to be thinking along the lines of a recent statement by Secretary of Defense Lovett that Communists charge others with crimes they mean to commit.

Enroute To Europe
Ridgway is here en route to take over the Allied command in Europe being relinquished by Gen. Dwight D. Eisenhower.

He gave Congress a dramatic account of how the Eighth Army in Korea, only three days under his command, repulsed an attempt

by the Chinese and North Koreans to knock it out after a long retreat, and rose again on the offensive in less than a month.

He spoke at length of the armistice negotiations, which he called "no failure" despite the lack of a cease-fire, and of relations with Japan.

Ridgway said he approaches his new job in Europe with high confidence.

No Mention Of "Mac"
The sinewy paratrooper followed his predecessor in Tokyo, Gen. Douglas MacArthur, to the House rostrum by 13 months and three days.

He made no mention in his prepared text of MacArthur or of his own successor in the orient, Gen. Mark Clark. He likewise said nothing about the controversy surrounding the capture and subsequent release of Gen. Francis T. Dodd by Communist prisoners of war at the camp Dodd commanded. But he gave high praise to Gen. James Van Fleet, commander of the Eighth Army in Korea.

He reserved the gravest language of his speech for his warning about Communist germ and gas warfare propaganda charges. He said:

"The Whole Black Record"
"I wish to reiterate what I have heard command, repulsed an attempt

these allegations are false in their entirety; that no element of the United Nations Command has employed either germ or gas warfare in any form at any time.

"In the whole black record of false propaganda, these charges should stand out as a monumental warning to the American people and the free world—a warning as menacing and as urgent as a forest fire bearing down upon a wooden village."

"The extent to which Communist leaders have gone in fabricating, disseminating and persistently pursuing these false charges should impress upon the brains of those who yet fail or refuse to see the purpose of communism, the deadly danger with which it confronts us and the free world."

His Other Points
He made these other salient points:

1. The Communists have in their hands a "logical, reasonable and honorable proposal" for ending the fight in Korea. There will be no bargaining on remaining issues. "Acceptance or rejection, cessation or continuance of hostilities in Korea is now the responsibility of the Communist leaders."
 2. The United Nations army in Korea stands "proud, defiant and confident" along the 38th Parallel, with a "record of fidelity, valor and co-operation unsurpassed in all military history."
 3. The Japanese are friendly to the United States, they want to build a democracy, but need, above all, to be able to buy and sell on the world markets sufficiently to maintain a healthy economy.
 4. America must look for strength, to faith in principle and trust in God.

AGREEMENT IN WU STRIKE IS REACHED TODAY

WASHINGTON (AP) — An agreement was reached today providing a basis for ending a 51-day strike by AFL telegraphers against the Western Union Co.

But there were two big ifs in the agreement reached today after a week of intensive negotiations. The ifs:

1. Western Union must get federal authority to increase telegraph rates.
2. The pact must be ratified by the membership of the AFL Commercial Telegraphers Union. A union spokesman said such ratification is in doubt.

was made by Cyrus Ching, head of the Federal Mediation Service and officials of the union and company.

The company said the workers would be back on the job Monday. W. L. Allen, international president of the CTU, said, however, that such a return would be contingent on approval of the terms by the union membership.

The basic terms of the contract involve these things:

1. A shift from the 48-hour work week to one of 40 hours, with no change in pay, for those hired before Nov. 1, 1941.
2. A flat 10-cent-an-hour increase for workers hired after that date.
3. Those hired after the 1941 date were employed on the basis of a 40-hour week, receiving 40 hours pay.
3. Abandonment of the union

shop among W. U. employees but establishment of what a mediation spokesman called an "agency shop."

Silent On Raise
4. Employees working 35 hours a week would get a flat \$22-a-month increase.
5. Messengers would receive an increase of five cents an hour.

W. U. workers would not have to join the union as heretofore, it was explained, but those who decline to become union members must pay dues.

Company spokesmen would not say how much rate increase would be asked of the Federal Communications Commission, but Allen said he understood the company would ask a flat 10 per cent boost.

Allen said the union "is in accord

STEEL DISPUTE WHIPPING BOY IN FOR TROUBLE

By JAMES MARLOW

WASHINGTON (AP)—That whipping boy of the steel dispute, the Wage Stabilization Board, is in for a fresh beating.

The Senate Banking Committee Wednesday suggested drastic changes in the WSB setup.

Now the board has 18 members, of whom six represent organized labor, six industry, and six the public.

The banking committee thinks that the board should be made up of public representatives only.

Up to Congress

The board now can recommend ways of settling a union-management dispute. The committee thinks it should be stripped of this power.

What the committee proposes can't happen, of course, unless the full Senate and House approve. Until they do, if they do, WSB will provide Congress with a prime topic for conversation.

Ever since its recommendations in the steel dispute, the WSB has been taking a beating from those who disagreed with it while its friends, particularly labor unions, patted it on the head.

Besides suggesting the steelworkers should have a union shop, an idea which didn't add to the industry's happiness, the WSB recommended the workers be given a raise of about 26 cents an hour.

Cause Of Explosion

The industry said it couldn't grant the raise without a compensating increase in prices.

All this happened weeks ago. Ever since, WSB has been under attack.

The steel recommendation has caused an explosion.

The American Federation of Labor has now informed Congress it won't have anything to do with WSB at all if Congress follows the Senate committee's idea and makes all the WSB members public members. The CIO doesn't like this notion either.

Remembering what happened in a previous walk-out of labor, which practically destroyed the board until President Truman revived it, it isn't hard to see something of the same thing happening again if the board winds up with only public members.

Governor McKeldin Talks To Methodists

HARRISBURG (AP)—The Central Pennsylvania Conference of the Methodist Church turned to reports from its boards and societies Thursday after being told the church should take the lead in ending corruption in government.

"We have too long been tolerant of the evil in places of trust," said Gov. Theodore R. McKeldin of Maryland in an address Wednesday night.

"We have seen those in high places in government defy the precepts of religion in their abuse of the public trust and their misuse of the public purse," McKeldin told the more than 400 ministers and lay delegates.

"I am not advocating a union of church and state," the Maryland governor added, "but I am calling for more religion in government. There must be more adherence to the fundamental truths of religion in the conduct of public affairs."

Knife-wielding

Thug Feeds Babe

NEW YORK (AP)—A knife-wielding robber bound a young mother with picture wire in her home Wednesday and stole her \$6,000 ring—but before he left he fed the baby.

The mother, 20-year-old Mrs. Anita Laken, pleaded to be released because the baby was ill and it was time for his medicine.

"I'll give him his medicine," the man said, and did.

"He needs his milk, too," said Mrs. Laken.

The robber heated the bottle, fed the baby, and fled.

WOMAN'S CLUB ADDRESSED BY DR. WASILIFSKY

Dr. A. M. Wasilifsky, head of the Department of Humanities at St. Joseph College, Emmitsburg, told his audience of approximately 75 members of the Woman's Community Club of Littlestown and vicinity, and of the Gettysburg Woman's Club, at the May meeting of the local group on Wednesday evening in the P. O. S. of A. hall, with word pictures of people he met and places he visited during his travels.

He prefaced his imaginary journey with remarks about Henry Adams' book, "The Education of an American," which asks its readers "What Do You Want Out of Life?" Notre Dame of Chartres, built in 1200, was the first "stop" and Dr. Wasilifsky also spoke of St. Francis of Assisi, of Oberammergau, the Passion Play and of Rome and Pope Pius XII.

The evening's program included Miss Marianna Catalano, who sang the Bach-Gounod "Ave Maria," by request; Violeta's Aria from the first act of "Traviata," by Verdi, and "Love Is Where You Find It," which was accompanied by Miss Marie Budde, who explained the story of the aria before it was sung. The evening's guest artists were introduced by Mrs. Paul E. Altoff, chairman of the program committee for the meeting, which included Mrs. J. Ray Reindollar, Mrs. James H. Spalding, Mrs. J. Harvey Pettijohn, Mrs. Harry M. Badders, Mrs. George I. Bemiller and Mrs. Ralph I. Unger.

Re-elect Mrs. Breighner
Election of officers took place during the business session, which was conducted by Mrs. Marvin F. Breighner, who was re-elected head of the Woman's Community Club. Other

officers chosen were Mrs. Robert H. Miller, first vice president; Mrs. Luther W. Ritter, second vice president; Mrs. Paul E. Altoff, recording secretary; Mrs. Carroll E. Arter, assistant recording secretary; Mrs. Paul A. Bowman, corresponding secretary, and Mrs. Joseph R. Riden, treasurer. Installation of these officers will take place at the June meeting.

Donations Voted
The nominating committee report was given by Mrs. Riden and the slate of officers was prepared by Mrs. Clayton L. Evans, Mrs. John W. LeGore, Mrs. H. Dean Stover, Miss Malva Duttera and Mrs. Riden.

The business meeting opened with group singing for which Miss Louise Duttera was pianist and Mrs. William Wilt was song leader. The salute to the flag and the reading of the club collect followed. Mrs. Edward H. Leister presented the secretary's report and Mrs. Richard A. Little was acting treasurer. Mrs. C. Donald Bower and Mrs. Thomas French were guests. A thank you note was read from the Ladies' Auxiliary of the Warner Hospital acknowledging receipt of the annual \$25 contribution from the club. A donation of \$10 was voted to the local Boy Scout drive and \$1 to the National Federation of the Blind. The cheer committee report was presented by Mrs. Chester S. Byers.

Plan Tea May 31
It was announced that information had been received from the Borough school authorities to the effect that the summer recreation program on the playground will be continued this year, as long as interest is shown. Parents of pre-school age children are requested to take their children to the playground the first day they participate in the program, and introduce them to the play leaders. At the April meeting of the club it had been voted to contribute \$100 to the Little League baseball organization in the community, the money to be secured from the sale of bonds. It has since been discovered

MRS. WEIKERT IS RE-ELECTED BY FEDERATION

Mrs. Charles W. Weikert, Littlestown, was re-elected president of the Adams County Federation of Women's Clubs, at the meeting held on Wednesday evening in connection with the May meeting of the Woman's Community Club of Littlestown and vicinity, in Littlestown. Other Federation officers elected are Mrs. C. W. Orem, vice president; Mrs. E. W. Thomas, secretary, both of Gettysburg; Mrs. Claude White, treasurer, and Mrs. Stanley Horner, corresponding secretary, also of Littlestown. The nominating committee to prepare the slate of officers was composed of Mrs. Henry M. Scharf, chairman, who presented the report, Mrs. Carl H. Baumgardner, Mrs. Mark K. Eckert, Mrs. Leonard Pottee and Mrs. Leon Gage.

Mrs. Weikert was in charge of the brief business session of the Federation at which time it was voted to transfer \$14.82 to the juvenile court fund to restore the balance to \$50 with the specification that there be no "needless withdrawals from the account" and that all expenditures have the approval of the federation.

Following a request from the director of the Child Welfare Service in Adams County, that the County Women's Clubs be represented at a hearing on the White House Conference committees in Harrisburg, on Tuesday, Mrs. Robert H. Miller and Mrs. James Duttera, both of Littlestown group, went to the meeting in Harrisburg. Mrs. Miller gave a brief resume of the proceedings, mentioning in particular the helpful hints gleaned from the sessions. The newly elected federation officers were introduced to those in attendance, following the election, by Mrs. Weikert.

This session took the place of the annual spring dinner meeting, which could not be held as scheduled several weeks ago.

FREE AIR

It gives this old familiar sign new meaning

Most of the time, only two of these barrels are needed—and they feed such a thrifty mixture that you use less gasoline at 40 mph than you'd formerly use at 30.

But—when you want a quick burst of eager power—you can double the air supply as well as the gasoline feed—and come up with the highest horsepower that Buick's Fireball 8 Engine ever delivered.

Of course, any man who's buying a car as fine as a ROADMASTER wants a lot more than extra miles from a tankful of gas.

He wants the distinction of extra room, extra comfort, richer fabrics and all the other refinements that make a car truly fine.

Then we can tell you this: It will certainly be worth your while to read this brief story of Buick's new Airpower carburetor.

Truth is—a skillful driver can just about double the bonus we mention, if he makes the most of what this year's ROADMASTER has to offer.

The reason you can get such a bonus traces to a pair of simple facts:

(1) It's a mixture of gasoline and air that gives you power.

(2) Buick engineers have come up with a four-barrel automatic carburetor that lets you use more gallons of air per gallon of fuel.

THINGS OF THE SOIL

EVERGREENS

Evergreens, both broad-leaved and the so-called conifers, may be planted safely in early April or from late August through early September. However, final safety with spring planting demands an investment of extra time and labor over the first summer to keep the moisture supply adequate for the plants. Unlike deciduous shrubs and trees, evergreens cannot be cut back at planting time to compensate for interrupted root growth. By pruning back a maple shade tree, for example, the top growth is so reduced that foliage demands will not be greater than the disturbed roots can supply while they are getting established over the first trying summer. But such a balancing of top growth and roots is largely impossible with newly planted evergreens. There is no choice. The entire top must be retained just as it comes from the nursery.

In terms of actual practice this cultural fact suggests three important steps in planting and early care:

1. Evergreens should be given a fertile, humus-filled loam under and around the roots to furnish a rich feeding area for the expanding feeder roots and to hold plenty of moisture.
2. The burlapped root mass should be kept moist and not unduly exposed to sun and air before and during planting operations. Too much emphasis cannot be placed on this point.
3. In addition to an occasional fine mist spray of water to keep the foliage moist and thereby reduce the evils of excessive transpiration, newly planted evergreens should enjoy a thorough soaking of the entire rooting stratum every week or so.

There is a theory that evergreens will thrive in almost any type of hard, poor soils. Some persons believe that these plants actually require poor soil. These ideas come from the fact that many native evergreens are seen growing wild in old abandoned fields where the soil is so badly worn that it is no longer suitable for cropping. But this is faulty reasoning. Evergreens of all species and varieties do best in a deeply mellow, well drained, fertile

loam, just like other trees and shrubs.

In preparing soil for evergreens it is advisable to remove the soil to a depth of at least 20 to 24 inches and dig the hole larger in other dimensions than actually needed to accommodate the well spread roots. Then all this extra surrounding space should be filled in with rich garden or fence row loam. Here the feeder roots may freely spread and delve during the first years while the plant is becoming established. The most common error in choosing evergreens is seen where a tall type has been planted where a low spreading type selected for a site where a columnar or pyramidal sort was needed. A drive or walk along any residential street will reveal windows obstructed, porches hidden, light cut off—none of these results sought but all penalties for unwise selections.

There are slender, columnar types for accenting corners and marking property lines. There are conical and pyramidal sorts for special individual or group roles. Then there are numerous low, spreading types for foundation plantings and for borders along walks and driveways. In choosing all evergreens it is important to know the particular type needed for the particular location. Then the local nurseryman or catalogue should be consulted intelligently.

The editor invites all related shrub questions.

CATTLE—Fresh receipts were estimated at 150 head which was in addition to the 150 head which was in the week. This marked the largest Thursday count in three weeks and brought the week to five volume up to 2,000 or the biggest in four weeks. It also figured about 63 per cent larger than the movement ended in 1951. Included in salable supply was equivalent of five loads of slaughter steers and eight loads of stock cattle. A fully normal supply of heifers was also on sale while the balance was made up of cows and bulls.

Trading was slow throughout the morning in all departments. Slaughter steers generally steady compared with earlier in the week, with scarcity a strengthening factor. A few small lots of choice and prime 1,085-1,205 pound slaughter steers \$15.50-36, latter price top. Most of small number consisted of mixed good and choice, \$32.25-34.50. A small lot of mixed yearlings, \$33.

Early sales of all grades of cows were little changed, but the outlet was rather limited. Canners and cutters particularly moved slowly in later rounds and the undertone was weaker. Several lots were still in first hands at the noon hour and some of these carried lower bids.

Most of the commercial cows, \$25-28; utility, \$23-25; canners and cutters, \$18-22.50. Odd single canners to \$15 and under and strongweight cutters occasion-ally to \$22.

Bulls met a broader outlet than other classes and held unchanged price-wise. Commercial grade sausage bulls turned mostly at \$25-28, odd head to \$29.50. Utility grade \$23.50-26 in most cases and lightweight dairy bred canner and cutter offerings \$21-23.

CALVES—Although trading rather slow prices showed practically no change in p.m. The next regular session of the Legion will be held Thursday, June 5.

NEW SEMINARY IS ERECTED IN ETERNAL CITY

ROME—High on Rome's Janiculum hill, a new \$3,500,000 Pontifical North American College today

nears completion.

Catholics throughout the United States paid for the gleaming five-story structure of white brick and travertine. It will officially open next year.

Though shiny new, its traditions go back to Rome's "Humility" street and to the cloistered halls and memories of the original North American College whose records

read like a "Who's Who" of American Catholicism for the past hundred years.

Many American priests have been at least part of their training in the Pontifical College. More than 40 American bishops and archbishops are among its alumni and six of the eleven Americans who thus far have been named Cardinals studied here.

The old college will be used as a

residence hall for priests doing post-graduate work after the new college is opened. There now are 154 seminarians here from 67 dioceses in the United States.

The college has come a long way from Dec. 7, 1859, when people of Rome saw a little procession of 13 ecclesiastical students on Via dell'Umiltà, in the heart of Rome.

American Colors
Their black cassocks were trimmed with blue, collared with white and sashed with red—the red, white and blue of the American flag. It was the first time that the church and connected buildings were used as a college by North American seminarians.

Last year, to protect the building against any possible complications of the Rome zoning laws, the Italian government declared both the church and the college buildings to be a national monument.

Many Pontiffs have visited the historic buildings, which are several hundred years old. The present Pontiff was its guest several times when he was Cardinal Pacelli.

Archbishop John McCloskey of New York made it his headquarters when he came to Rome for his installation as America's first cardinal on March 15, 1875.

Housed Children
The college's war-ravaged conditions—it housed children of Italian nationals during the war—prevented it from being similarly used during the Consistory of 1946 when four American archbishops—Mooney, Stritch, Glennon and Spellman—were made cardinals.

These memories, said the college's present rector, Bishop Martin J. O'Connor, are among its priceless treasures. In these surroundings young Americans chosen by their bishops for Rorman training have spent four or six years studying for the priesthood. Study and classes, at present, are held at Rome's Gregorian University.

Play Provisions
The new college has not forgotten play provisions. It has a softball court, three tennis courts, a basketball and a handball court.

The college stands on a plot of 12½ acres which the American bishops purchased from the City of Rome in 1923. The decision to build the new college was taken on Nov. 12, 1947, at Washington, D. C., when 130 bishops assembled in the 29th annual meeting of the National Catholic Welfare Conference. Ground was broken on Oct. 17, 1948.

The five-story building contains 304 single rooms, a chapel and rectory. The square-shaped structure is built around a central cloister. The chapel is in 11th and 12th centuries Roman style.

SENATOR GIVES BRANNAN ROUGH TONGUE LASHING

WASHINGTON, (AP)—Sen. Kem (R-Mo.) gave Secretary of Agriculture Brannan a vigorous tongue lashing at a Senate hearing Thursday. He said Brannan made "irresponsible and utterly unfounded" statements about him.

He hinted he might sue the Cabinet official for libel.

The outburst came at the start of a hearing by the Senate Agriculture Committee on activities of Brannan's agency. Brannan was in the witness chair for the second straight day.

Mostly Politics
The Missouri senator, who is a candidate for reelection this year, called attention to a statement he said Brannan made recently to the effect that Kem voted against nearly everything the farmers need.

Brannan hit right back at Kem. He said he had not come to the committee prepared to engage in such a political discussion. But, he said, he intended to make the statement about Kem again "and I intend to document it."

"The libel laws being what they are, you'd better document it very thoroughly," Kem said.

Kem insisted he always had voted for "sound farm programs." Before the hearing started, Sen. Aiken (R-Vt.) told a reporter he could produce the whole story behind his charge that the Democrats pushed farm prices down in 1948 as a successful political maneuver.

Philadelphia for his invention of a "Vehicle Wheel Construction." The patent was assigned to the Edward G. Budd Manufacturing Co., Philadelphia. The invention was an adaptation of a pneumatic tire for rail travel.

It takes the yearly income of two average persons to meet government expenses for one single second . . . the U. S. Chamber of Commerce says each child born today inherits a debt of \$1,500 incurred by the government . . . experts predict that the population of the United States in 2000 A.D. will exceed 200 million . . . an increase to between 162 and 180 million in the next 10 years is anticipated. . . .

The London Newsletter recently commented as follows: "Only fools or knaves would have imagined that a Welfare State was possible under any circumstances when we were still staggering punch-drunk from the blows of a six-years war. Yet with all other Parties consenting, the Socialists used the few resources which remained to us, plus everything they could borrow on the security of our good name, to bribe the electorate with a five-day week, subsidies and other material benefits."

"The result is that we have become the laziest nation in Europe. We are getting now the standard of life which we deserve. If we want better times, we will have to work for better times."
